

## 2017 Culver City Garden Club Show Exhibitor Instructions for Entering Plants

All Exhibitors must prepare a “**Plant Entry Slip**” for each plant entered into the Show. The Class, Plant Name, & Variety are to be entered on the Entry Slip. The “Class Number” can be obtained by referring to the **Plant Entry Number Roster**. If you don’t know what it is, bring it anyway. Our Classification Team will help to identify your plant. Each **Plant Entry Slip** must have your **Exhibitor Number** on it as well as your signed name.

Your “**Exhibitor Number**” may be obtained from a Garden Club Meeting (prior to the Show), or at the time you bring your entry to the Show. Enter your **Exhibitor Number** in the upper right hand corner of your “**Exhibitor Entry Sheet**” in the space provided.

Your **Exhibitor Number** on each Plant Entry Slip will always be followed by a dash and the line number of that entry as listed on the “**Exhibitor Entry Sheet**”

Example: If you are **Exhibitor** Number 23, your first line will be 23-1 for your first entered plant. Then, 23-2 will be your second plant, etc. Then, list the name/s of your plant.

Under the heading “Class”, enter the **Classification Number** as shown on your **Plant Entry Slip**.

Bring your plants to the Culver City Teen Center, 4153 Overland Ave. on Friday evening, June 9, 7:30-9 or Saturday morning, June 10, 2016, between 8:00 AM and 9:00 AM.

**All entries must be received, classified & entered by 9:00 AM.  
No exceptions!**

A completed **Plant Entry Slip** for each plant and a completed **Exhibitor Entry Sheet** should accompany the plants. If you have not completed these forms in advance and you arrive in good time, there will be an area for you to complete them. Someone may be available to answer your questions.

Space available limits entries to 10 + 5 harvested edibles. Additional entries may Be entered, but will not be tallied towards awards.

**PLEASE TRY TO COMPLETE ALL YOUR PLANT ENTRY SLIPS BEFORE  
YOU GET IN THE CLASSIFICATION LINE.**
